

Welcome to TELUS Health Virtual Care.

Compassionate care, every step of the way.

TELUS Health Virtual Care provides access to on-demand healthcare for you and your immediate family via encrypted text and video chat — 24/7, anywhere in Canada. Connect immediately with a compassionate healthcare professional, right from your smartphone, desktop or tablet.

Our features:

- Unlimited access to bilingual medical virtual consultations
- Completely confidential
- Access to care for you and your immediate family*
- Continuity of care with medical notes that can be shared electronically with your family physician (with your consent)

We can help you with:

- Prescriptions
- Specialist referrals
- Lab requisitions
- Imaging
- Diagnosis
- Dermatology concerns
- Nutritional consultations
- Minor injuries and more.

*Spouse and children under 26.
